Digging Deeper

The *Digging Deeper* Series of study aids was designed specifically for Teen Bible quizzing. Using these tools will help you get the most out of quizzing—both in gaining knowledge, and in helping you put that new knowledge into practice (the ultimate goal of your study).

The Study Guide is the cornerstone of the *Digging Deeper* system. It includes daily devotionals, three levels of daily study plans, and a basic set of review questions. It is the foundation for an effective study plan and for helping you make a daily walk with Jesus a reality. In this book, you will be challenged to think about the Word, and then put those newfound insights into action.

This book, Review Questions, is an integral part of the *Digging Deeper* system. It includes all of the review questions needed to complete any of the three levels of study plans in the Study Guide. There are about 500 unique questions for each of the three levels. In addition, there are 1000 questions included as supplements. In total, this book has 2500 questions—plenty for a thorough coverage of the material.

The QuizMaster computer software has become the standard for effective question study and review. Containing all of the questions for each of the Study Guide's three study plans (and many more besides), it is an excellent complement to this book. Featuring many tools for question study, review, and printing, it is a wonderful tool for those who have a computer; and it is invaluable for helping the coach prepare study material for practices.

It seems that the quizzers who do the best are the ones who learn their quotes. Our Quote System is designed to help them do just that. Included are flashcards with the memory verse on one side and the reference on the other, an audio CD with each verse read, and a booklet with study plans and techniques, prejump lists, progress chart, and more. Help your quizzers learn their quotes and watch them soar to new heights!

And finally, the Dramatized Audio CD will bring the text to life. Also tied to the daily study plans of the *Study Guide*, each character in the text is read by a different dramatic voice. The more senses you involve in the learning process, the better you learn; and being able to hear the Word dramatized is a big help in retaining the Scripture. This CD is especially useful for auditory learners and younger quizzers.

We pray that your study of God's Word this year will be a rewarding adventure, full of new insights and challenges, and that you will take the time to let God change you—not only your mind, but your heart as well.

May you grow in the knowledge and understanding of God's grace.

How To Use This Packet

As part of the *Digging Deeper* study system, this packet of questions will help you systematically learn and review the text. It is meant to be used as a supplement to the *Digging Deeper Study Guide*. Most questions in this packet are marked with a **1**, **2**, or **3**, to indicate for which study plan they were intended. If you choose to follow Plan 1 in the *Study Guide*, then you will study just the questions with a **1** beside them; if you choose Plan 2, then you will study questions with either a **1** or a **2**; and if you choose Plan 3, then you will study questions with a **1**, **2**, or **3**.

Method of Study

Cover the answer with a piece of paper. Place a “/” to the left of a question when you attempt it, and then complete the “X” when you get it right. If you miss it, leave the “/” for another time. When studying new questions, give priority to those that have uncompleted “X’s”, and to those that have the fewest markings. In this way, you will study the questions with which you are having the most difficulty and as a result will learn the material better. After all questions have an “X” by them, start over with a new set of “X’s”.

For the Coach

You may print out question sets using *The QuizMaster* software, or you may use this packet for practices. If your quizzers have chosen a combination of study plans in their *Digging Deeper Study Guide*, then they will have studied the questions with a **1**, **2**, or **3** next to them. You may choose to use those questions in your practices for review; or to offer an additional challenge, you may want to select the questions without a number next to them. There are about 1000 of these and they will help stretch your quizzers’ knowledge.

You will want to use the method of question marking described in the “Method of Study” section above. This will guarantee the best coverage of the material by ensuring that all questions get asked and troublesome questions get repeated.

Interrogative (INT) and multiple answer (MA) questions have a double arrow („) marking the unique point of the question. Use this as an aid in helping your quizzers learn when they would need to jump to be sure to get enough information to complete the question.

Final Thoughts

The QuizMaster computer software is a good complement to this packet, and contains the largest single collection of questions available anywhere. It too is tied directly to the *Study Guide*’s study plans, and is great for home study, or for preparing material for practice.

Finally, make sure to make the daily devotions of the *Study Guide* part of your quiz study plan. Remember, the goal of Bible Quizzing is a deeper understanding of God and His plan for your life.
